A Being(s) in Love Story Arthur MacArthur needs a job, and not just for the money. Before he dropped out of school to support his younger sister, he loved being a research assistant at the university. But working for a dragon, one of the rarest and least understood magical beings, has unforeseen complications. While Arthur may be the only applicant who isn t afraid of Philbert Jones in his dragon form, the instant attraction he feels for his new employer is beyond disconcerting. Bertie is a brilliant historian, but he can t find his own notes without help-his house is a hoard of books and antiques, hence the need for an assistant. Setting the mess to rights is a dream come true for Arthur, who once aspired to be an archivist. But making sense of Bertie s interest in him is another matter. After all, dragons collect treasure, and Arthur is anything but extraordinary.
