Brand New Book ***** Print on Demand *****.This book started from the Thesis that Gwen Houghton needed to complete to receive her Masters in Metaphysical Sciences. It is combined with the Dissertation that she needed to complete in order to receive her title Philosopher of Metaphysical Sciences. This book is loosely based on what is called transpersonal psychology, which is the psychology of the physical self and nonphysical self. In her book Living Your Successful Life, Gwen talks about what it was like growing up with her psychic abilities, and the challenges she faced having them. She speaks of how she talks to God and the Angels, and how she interprets the magical world of energy and metaphysics. She also writes about her experiences as she learns about herself, who she really is. She then talks about how she has learned to maneuver through the unseen world of metaphysics in a successful way. She also speaks of how her own personal journey inspired her to develop a book, which teaches other people about this unseen world of energy that is all around them. Her honesty, straightforward attitude, and easy to learn material; makes it easy for people to learn about the energy that is all around them and how to maneuver through it. By understanding the complex world of metaphysics, and how to sift through it, others can learn what it is that they need to know about themselves, so that they too, can learn how to live their successful life. I Note from Gwen, The whole purpose of this book is to get you to understand that if you learn how to tap into this knowledge consciously and thoughtfully. Than you can access the...
