CREATING MASHUPS WITH ADOBE FLEX AND AIR

Paperback. Book Condition: New. Not Signed; Mashups are the integration of data from different sources to create one unified experience. Adobe's AIR (Adobe Integrated Runtime) platform is revolutionary in that it allows web developers to create applications using familiar technologies (such as Flex, Flash and HTML) but now they can deploy them on the desktop rather than having them locked to a web browser. This book covers mashups from a web designer and developer point of view, rather than a...

Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
