DRAGON S WEB: BOOK 1 OF THE PIPE WOMAN S LEGACY (PAPERBACK)

Hearth/Myth, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Can a god go crazy? Sage Curtis, reluctant Savior of the Earth, has been yanked around by the gods her whole life. Even though the Native American spirit Thunderbird has given her certain magical gifts, all she wants to do is finish her engineering degree so she can fix Earth s climate with science. Not with laser eyes. And definitely not by flying. Then Veles, the god of the Slavic underworld, invades her dreams. He intends to battle her until the Earth is no more, in the belief that it s the only way to reboot the planet - never mind the collateral damage. Even avoiding this battle will require the use of magic, and Sage is woefully unprepared. But a lot of people have her back: her parents, whose interactions with the gods are the stuff of legend; her brother Webb, who knows the future, mostly; and Rafe Orloff, transfer student and Trickster in his own right. Together, they have a chance of saving Earth from this crazy dragon god. But their success rests on one thing: whether she wants to or not, Sage is going to have to fly.
