Brand New Book ***** Print on Demand *****.The passing of a beloved one marks a milestone in a persons life that will dramatically alter the course of their future. Although the loss of a beloved spouse, a dear sibling, a cherished friend, a precious parent, or a darling child etc. is the saddest thing that can possibly happen, not all bereaved people spend the rest of their lives feeling gloomy and miserable. I encourage you to pause for a moment and take a look around you. There are thousands of positive, thriving, healthy, happy people who have somehow managed to find the resilience to continue on even in the aftermath of extreme tragedy and devastating loss. These people are discovering that joy and sorrow can co-exist and have given themselves permission to mourn with intervals of joy. They are learning it is not dishonoring to their loved one to seek avenues of healing to alleviate the pain of their broken hearts. They access resources and encircle themselves with people who care, in order to try to recapture the essence of living again. They bent but didnt break. They were crushed but not beyond repair. This book provides 8 strategies, that when applied will provide healing to hearts shattered by bereavement. They are lessons myself and a number of my clients and friends have learned as we have sought to find ways to survive grief.I heard the story once of a woman who was flung out of a boat in a raging river.
